Conf. No.: 4849

PETITION UNDER 37 C.F.R. § 1.47(b)

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Pursuant to 37 C.F.R. § 1.47(b) and the guidelines set forth in M.P.E.P. § 409.03, a request is hereby made to include Murray Frederick Broom as the sole inventor of the above-identified application even though he refuses to join in the application by signing an oath or declaration complying with 37 C.F.R. § 1.63.

A declaration complying with 37 C.F.R. § 1.63 executed by Diana F. Hill, the Chief Executive Officer of the Assignee, Global Technologies (NZ) Limited, is included herewith.

Below is a description of the pertinent facts explaining Mr. Broom's refusal to join in the subject application, as well as his last known address.

1. The named inventor of the above-identified application is: Murray Frederick Broom.
2. The last known address of Murray Frederick Broom is: 6 Pleasant Place, Dunedin, New Zealand.

3. The following attempts were made to contact Mr. Broom to inform him that his signature was needed on a declaration complying with 37 C.F.R. § 1.63 in connection with the above-identified application which steps are supported in the attached Statement of Facts in Support of Petition under 37 C.F.R. § 1.47(b) of Diana F. Hill.

a. On March 29, 2006, copies of the above-referenced application, amended claims, an assignment document and a declaration complying with 37 C.F.R. § 1.63 were sent to Mr. Broom from Diana F. Hill, the Chief Executive Officer of Global Technologies (NZ) Limited, by courier mail. Copies of the letter, the assignment and declaration are attached to Ms. Hill's Statement of Facts in Support of Petition Under 37 C.F.R. § 1.47(b).

b. On April 3, 2006, Ms. Hill received a telephone call from Mr. Broom in which he advised her that he would not sign the documents because of two concerns:

- As assignor he would be held responsible for all aspects of the invention in the future; and
- He believes he is entitled to a financial return.

c. As of the date of this petition, no signed documents regarding the above-captioned application have been received from Mr. Broom, nor are they anticipated.

4. Mr. Broom assigned the parent PCT application and New Zealand priority application to Global Technologies (NZ) Limited. Copies of the assignments are attached to Ms. Hill's Statement. The assignments are submitted as *prima facie* evidence that the invention has been assigned to Global Technologies (NZ) Limited. It is further submitted that the filing of this application is necessary to preserve the rights of Global Technologies (NZ) Limited in this invention. See MPEP § 409.03(g).

5. In view of Mr. Broom's written refusal to execute a declaration, the undersigned petitions the U.S. Patent and Trademark Office, in accordance with 37 C.F.R. § 1.47(b) to accept the accompanying declaration from the other joint inventors.

The fee for this Petition is \$130.00. A credit card payment for this amount is enclosed herewith. The Commissioner is hereby authorized to charge any additional fees which may be required regarding this application under 37 C.F.R. §§ 1.16-1.17, or credit any overpayment, to Deposit Account No. 19-0741. Should no proper payment be enclosed

herewith, as by a check being in the wrong amount, unsigned, post-dated, otherwise improper or informal or even entirely missing, the Commissioner is authorized to charge the unpaid amount to Deposit Account No. 19-0741.

The undersigned declares further that all statements made herein are true and that all statements made herein on information and belief are believed to be true; and further, that these statements were made with the knowledge that willful false statements, and the like so made, are punishable by fine or imprisonment, or both, under Section 1001, Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

If there are any questions regarding the above, please contact the undersigned.

Respectfully submitted,

Date 10 August 2006
